Core Functions: Teachers Guide

Teacher's Guide Table of Contents

- Introduction
- Background Guide
- Atmosphere Chapter
- Hydrology Chapter
- Soil Chapter
- Land Cover / Biology Chapter
- GIS Chapter
- Earth as a System
- Tools

Data Sheets and Lab and Field Guides

- Atmosphere
- Hydrology
- Soil
- Land Cover / Biology
- GIS
- Earth as a System

Core Functions: Support for student research – Search & View

Advanced School Search
Search by: Country, State, City, School Name, etc.

For Students | For Teachers | For Scientists

Research Projects: Data Entry, Maps & Graphs, Cloud Chart, Arabic, Chinese, Russian, Training Materials, Community & Events, Earth System Resources, Resource Room, Videos, GLOBE Instruments, Funding Opportunities, GLOBE Stars, Elementary GLOBE, School Collaboration, Sounds of GLOBE

Core Functions: Community building

The GLOBE Program
Home Projects For Students For Teachers For Scientists For Partners

GLOBE Community and Events
Transforming students' learning experiences through support of student research

GLOBE Community and School Networks
GLOBE Schools Network
GLOBE Alums
GLOBE Learning Communities
GLOBE Parent Council

GLOBE Community and School Events
GLOBE Learning Expeditions
Annual Conferences
Earth Day Activities and Events

Core Functions: Program implementation & mgmt

GLOBE Training Materials
Presentaciones En Español / Presentations in Spanish

These are the PowerPoint (PPT) presentations that have been used in GLOBE Train-the-Trainer workshops. Click on the presentation name to download the file. If you are looking for older materials which used to be accessible via this page or have any other questions, please contact: training@globe.gov

Sample Agenda from GLOBE Partners:
GLOBE Training Materials
GLOBE Trainers
Protocol PowerPoints
Resource: Administration

School ID and Password

- Each GLOBE school has a unique school ID
- Each school also has a password. The user name and password are required to enter data and access GLOBEemail.
- For practice in the training, we will use a special training ID - *You can't enter your school's data with this school ID!*
 - PRACTICE SCHOOL ID = ZZUSTEST
 - PRACTICE PASSWORD = SGLOBE2
 - OR
 - PRACTICE SCHOOL ID = ZZUSAZT1...Z
 - PRACTICE PASSWORD = SGLOBE2
